

CONTRAST[®] MACHINE FILM

- Patented slip film technology
- Proven dependability of the Nexus product line
- Exceptional load containment and stability
- Incomparable puncture resistance, holding force
- Reduced cost per unit
- Outperforms any other film on the market

FEATURES & BENEFITS

- High slip stretch film enables load-to-load contact with no film breakage
- Great for protecting loads in restricted spaces
- Advanced cling eliminates tails
- Lower gauge with higher performance = cost savings
- Fewer roll changes promotes sustainability
