

NEXUS® UVI MACHINE FILM

- Takes load containment to the next level
- Performs under harsh conditions
- Proven dependability of the Nexus product line
- UVI additive enables outdoor storage of wrapped loads

FEATURES & BENEFITS

- Ultraviolet Inhibitor additive extends stretch film integrity during UV exposure
- Excellent force to load reduces film breaks/tears
- One side cling eliminates tails/recoil
- Fewer roll changes = lowest cost per pallet
- Reduced carbon footprint

Nexus UVI Machine Film	Gauge (US)	Micron	Width (cm)	Length (ft)	Cases or Rolls/pallet	Lbs/Roll
NXUV.178500	70	178	50	6500	40	35.85
NXUV.178750	70	178	75	6500	20	53.69
NXUV.229500	90	22.9	50	5000	40	35.46
NXUV.229750	90	22.9	75	5000	20	53.10

Paragon Films UVI products are formulated and tested to provide at least six months of protection under most conditions; however, many variables impact the integrity of stretch film in outdoor conditions. PARAGON FILMS DOES NOT GUARANTEE UVI PROTECTION AND SPECIFICALLY DISCLAIMS ALL EXPRESS OR IMPLIED WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
